## Production Technician

### Description

We are looking for Production Technicians to join our 1<sup>st</sup> and 2<sup>nd</sup> shift teams.

The Production Technician will assist and support the department manager, supervisor and other technicians.

### Responsibilities

- Assist lab personnel in manufacturing products to meet or exceed customers' specifications.
- Comply with Scantibodies Quality System and adhere to FDA/ISO and GMP guidelines.
- Must be capable of performing general laboratory work, such as buffer making, material and product processing and transportation within the lab, column chromatography, buffer exchange and other general purification procedures.
- Lifting up to 50 pounds.
- Regular, reliable and predictable attendance is required.
- High school diploma or equivalent.
- 1-3 years related experience.

### Job Benefits

We offer a comprehensive benefits package to include paid sick, vacation, medical, dental, vision, life insurance and 401(k).
